

USER MANUAL & INTERNATIONAL WARRANTY

PEKHOR

USER MANUALS

Position A: Manual Winding

Turn clockwise approximately 30 times.

Position B: Date Setting

Pull out the crown to position B. Turn in either direction to set date.

Position C: Minute and Hour Setting

Pull out the crown to position C. Turn in either direction to set hour and minute hands.

ATTENTION!

Always push the crown back to Position A. It is only waterproof in this position.

INTERNATIONAL WARRANTY

PEKHOR watches are manufactured in Switzerland with the highest quality standards. We offer a **two-year warranty** from the date of purchase. This covers defects in materials and craftsmanship.

This warranty is only valid with proof of purchase through official reseller or with the valid warranty certificate.

The warranty will not cover:

- Abrasion by aging, wear and tear (scratches, fading coated materials, leather, rubber).
- Damage from abnormal use (incorrect operating, abusive use, deep diving, etc.) and accidents (knocks, dents, broken crystal etc.)
- Repairs of unqualified persons, or third party services other than PEKHOR watch official service centers.

For more detailed information on the warranty, check www.pekhor.ch under general terms & conditions (commercial terms/return and exchange policy/warranties & responsibility/etc.).

If questions or special cases, you can always contact your contact at PEKHOR for further clarifications.
